EXPERIENCE

2017 – PRESENT
Wallace Center at RIT | Rochester, NY
Library Concierge, The motto of this job is"Personalized Service" for the patrons of the library. Daily tasks are centered around helpful interactions with patrons such as, helping them find books, locating different areas of the library, and answering questions.

2014 – 2017
Learning Resource Center at MHS | Hershey, PA
Student Employee, It was a team based environment, in which I worked with one other student employee and two librarians to choose and process the books for the three different libraries at MHS.

EDUCATION

Bachelor's Degree | **Rochester Institute of Technology** | 2017-Present
Pursing a degree in Human Centered Computing with a 3.71 GPA.
Minor in Advertising and Public Relations.
Immersion in Arabic Language and Culture.

PROJECTS

L.A.V.A.
LED Audio Visulizer with Acyrlic, or L.A.V.A. for short, is a strand of fully addressable LEDs that light up to the beat of a song, wrapped around an image laser etched into an acrylic sheet framed by custom made wooden frame. L.A.V.A. is coded in C++ and run on an Arduino.

BOOKNOOK
The BookNook was my Girl Scout Gold Award project during my senior year of highschool. It's a wooden cart containing over 150 books kept organized in an database on a ChromeBook. The project took over 20 people almost 300 hours to complete.
